

# ETI TECHNICAL COLLEGE OF NILES

## FALL 2020 AND SPRING 2021 COVID-19 PROCEDURE

Effective date: September 14, 2020

- A. If you are feeling sick or have a fever, contact your instructor or supervisor, they will make accommodations for you. It is strongly recommended that you take your temperature prior to coming to campus. Any individual with a temperature of 100.4 degrees Fahrenheit or higher will **NOT** be permitted in the building. This is for the health and safety of all ETI students, staff, and faculty.

**DO NOT** come to campus if you have any of the following symptoms:

- i. Fever (a temperature of 100.4 degrees Fahrenheit or higher) or chills
- ii. Cough
- iii. Shortness of breath or difficulty breathing
- iv. Fatigue
- v. Muscle or body aches
- vi. Headache
- vii. New loss of taste or smell
- viii. Sore throat
- ix. Congestion or runny nose
- x. Nausea or vomiting
- xi. Diarrhea
- xii. You have recently experienced a fever (a temperature of 100.4 degrees Fahrenheit or higher). You may not return to campus until you have been fever-free for at least 72 hours (that is three full days of no fever without the use of medicine that reduces fevers), other symptoms have improved (including but not limited to, a cough or shortness of breath) and at least 7 days have passed since your symptoms first appeared.

**While on campus:** If you feel sick including the following symptoms: fever, cough, and/or difficulty breathing, immediately notify your instructor or supervisor.

- B. The College will **REQUIRE** social distancing on campus.
- a. The College has evaluated room capacity to accommodate proper social distancing.
- C. The College will **REQUIRE** employees, students, and visitors to wear a face mask on campus.
- a. The requirement to facial coverings does not apply when:
    - i. A medical condition including those with respiratory conditions that restrict breathing, mental health conditions, or disability contraindicates the wearing of a facial covering;
    - ii. The individual is communicating or seeking to communicate with someone who is hearing impaired or has another disability, where the ability to see the mouth is essential for communication;
    - iii. The individual is alone in an enclosed space, such as an office, or in lieu of an enclosed space, the individual is separated by at least six feet in all directions from all other individuals, and in either case the space is not intended for use or access by the public;
    - iv. The individual is actively engaged in a public safety capacity, including but not limited to law enforcement, firefighters or emergency medical personnel;
    - v. The individual is seated and actively consuming food or beverage outside of a classroom, on campus, and must maintain social distancing during this activity.
